# INTRODUCTION

The project of compiling, revising, correcting and updating the already existing but incomplete ***Alphabetical List of Oregon's Legislators*** was initiated by Senate President Jason Boe, continued by Senate President John Kitzhaber and later joined by House Speaker Vera Katz and House Speaker Larry Campbell.

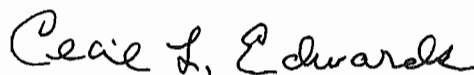

The initial plan of alphabetically listing the names of past legislators was started by David C. Duniway, Oregon's first Archivist, 1949, and included all State legislators from 1860 to 1949, with many from the Provisional and Territorial Governments. A later edition expanded the list to take in legislators serving various terms through 1965.

The list has been reviewed and amended by Cecil L. Edwards, Legislative Historian, Jo Ann Schrunk, former Assistant, and Corky Huffsmith, present Assistant, Historic Services, to include all legislators who served from 1843 to 1993. Additional resource material was made available by Hugh Morrow, retired Salem Public Librarian. Penny Pickens, Judy Sugnet, and others aided in research and typing. Legislative Counsel compiled some of the records published here.

In the compilation of such a voluminous list comprising about 2,750 names and related facts, such as Houses in which each person served, dates of sessions served, county or counties from which each was elected or appointed, errors are bound to occur. The basic information was gleaned from Senate and House Journals, newspapers, libraries and other sources. Omissions and other errors are most likely to happen when legislative vacancies occur that are filled by appointment and the appointee failed to serve in the next regular or special session. Unlike the present situation where new appointees are immediately placed on the payroll after being sworn in, old time appointees were not paid if not actually serving in a session consequently their names would not appear on a "Credential Committee Report" or on any other record. Many records were burned in the 1935 fire that destroyed the first State Capitol.

This list also names those elected, by the respective bodies, to function as "Chief Clerk" of the House or Senate; later the Senate changed the title to "Secretary of the Senate."

If errors are found, please notify Cecil L. Edwards, Legislative Historian. Valid corrections will be published in an addenda.

## OCCUPATIONS OF MEMBERS

No single publication contained information on this subject. The majority of the data was taken from several sources -primarily "The Oregon Voter." This publication had complete information on members of the Oregon Legislature from 1917 to 1983. However, since the Voter was not published before 1817, material for the period 1901 to 1917 was taken from legislative sketches in newspapers and souvenir brochures and is therefore incomplete. In some instances the occupations listed surpass the number of Legislators because some Legislators were engaged in more than one occupation.
